# Technical Workshops Presentation Guidelines

IMPORTANT: ACM EDU Logo remains in the bottom left corner throughout the presentation!

Guidelines for Titles:

- A bottom centered ACM EDU Logo with text* that slides to the left corner of the screen when the title page is passed. (text*: An **ACM**\n **Education**\n Workshop)

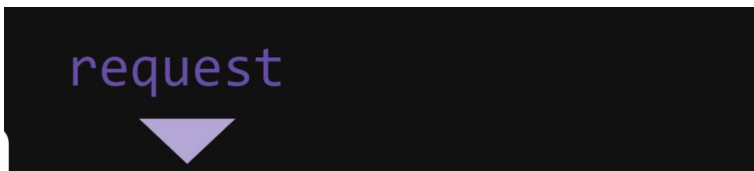

The ACM EDU logo moves from center to the left

- Animated workshop name ([take animation off socket.io template](#))

More Guidelines:

- Slides Title Fades In

- Animation of left to right (slideshow) for each bullet point

- Color Pallets → darker color background and white text, icons, and arrows,
  - Ex: for flutter, use a darker shade of blue and white text.

- For text, shapes of interest, use complementing colors. Use this website to come up with some: https://www.sessions.edu/color-calculator/

- Official Font→ Montserrat
  - Until we get premium, in that case, Lexend Deca

- Icons
  - https://www.flaticon.com/
  - Use icons with no color. Give the icons color (white) with the color option (required to sign in, but it's free)

- Note: Formatted font for code blocks. Example below:

Guidelines for Ending Screen:

- Simple centered h1-sized message, like "Code Along!", or "Questions?"

- ACM EDU Logo with text* animated back to the bottom center. (take animation off socket.io template)
